Kettering Health Network

It would be difficult to name a more dedicated community partner than Kettering Medical Center Network. While the Network touches the lives of people all over the Miami Valley with hospitals, outreach, programs and services, we are proud to be the home of Kettering Medical Center, the first hospital in the Network's vast health-care system. Kettering's namesake, Charles F. Kettering, was well known for his philanthropic nature and we know he would be proud of the way Kettering Medical Center Network has continued that tradition of support and caring for the people of this community.
